COMMUNIST DISORDERS INCREASE IN CENTRAL GERMANY

Mob Attempts To Break Cordon Of Police About Ship Yards

Communist Leaders Try to Hold Mass Demonstration

Street Service Suspended And Highways Barred to Traffic

(By Associated Press)
Hamburg, March 24.—Fifteen civilians and one police officer were killed and six persons were wounded in riots here late yesterday afternoon.

The mob attempted to break the police cordon about the Vulcan shipyards and to disarm the police.

The police ordered the crowd to disperse, and when this order was ignored the officers opened fire and threw hand grenades into the mob.

Communist leaders tried to hold a mass demonstration, but the police had erected a barbed wire entanglement around the field desired for use and had stationed armored cars at strategic points. The crowd stoned the cars.

Street car service was virtually suspended during the day and some streets have been barred.

CLAIM SOVIET GOLD BACKING GERMAN REVOLT

(By Associated Press)
London, March 24.—The communist revolt in Germany financed it is declared by Soviet gold, is spreading throughout the industrial district of middle Germany, threatening the great ammonia, potash, anthracite and copper works, says a Central News Dispatch from Berlin today.

Strong police forces have been dispatched to the centers where trouble has grown out of the recent demand of the leaders for a general strike and the arming of the proletariat.

Efforts of the authorities to add the dispatch, have only resulted in the communists strengthening their position.

GREEKS BEGIN ATTACKS ON TURK FORCES

(By Associated Press)
Athens, Greece, March 24.—Greek troops numbering 120,000 are participating in the Greek offensive against the Turkish Nationalist forces in Asia Minor, it is reported here. The Turkish Nationalists are believed to have about 90,000 effective in the field.

The most careful preparations were made by the Greeks in connection with the offensive, which began yesterday, and it is anticipated here that the Greeks will win important positions with their first drive. The objective of the offensive is the Bagdad Railway.

It is affirmed that British, French and Italian armies in the Near East will not participate in the campaign.

NAVAL BALLOON AND CREW LOST OFF FLORIDA

(By Associated Press)
Pensacola, Fla., March 24.—A naval free balloon, carrying five men, was reported missing tonight by the naval air station here.

The balloon, in command of Chief Quartermaster E. E. Wilkinson accompanied by a machinist mate and three marines as students, left here Tuesday night.

The last information from the missing aircraft was received early today when two carrier pigeons returned with messages. One message was that the balloon was drifting toward the open sea. The other said that all ballast had been thrown over board and that the balloon was then at an altitude of only 100 feet and slowly sinking.

A navy dirigible and a number of seaplanes were immediately sent in search of the missing balloonists, but up to a late hour tonight the searchers had been unable to find either the balloon or any of its crew.

LARRY M'LEAN IS SHOT TO DEATH IN SALOON FIGHT

(By Associated Press)
Boston, March 24.—John B. (Larry) McLean, former league catcher, was shot to death in a South End saloon today. His companion, John F. McCarthy, is on the dangerous list at the city hospital with a bullet in his stomach.

John J. Connor, saloon manager, who fled the shot is held without bail charged with murder.

GERMANY TOLD SHE MUST PAY OR FACE ACTION

(By Associated Press)
PARIS, MARCH 24.—THE GERMAN GOVERNMENT WAS NOTIFIED BY THE ALLIED REPARATIONS COMMISSION TODAY THAT THE TOTAL AMOUNT OF 20,000,000,000 GOLD MARKS DUE UNDER ARTICLE 235 OF THE PEACE TREATY MUST BE PAID BY MAY 1ST OR ADDITIONAL PENALTIES WILL BE INFLICTED UPON GERMANY.

RAILWAY MEN FILE TEST IN OHIO COURTS

Ohio Railroad Employees Test Federal Action

Seek Authority Possessed By Labor Board

(By Associated Press)
Columbus, O., March 24.—A test suit to determine what authority the Federal Railroad Labor Board may have in backing up its ruling that railroads may not reduce wages until after conference with employees, was filed in Federal court here today by Attorneys Randolph W. Walton and W. S. Pealer, representing 1200 employees of four subsidiary lines of the New York Central railroad.

The action is brought by Cecil E. Jewell, a member of the United Brotherhood of maintenance of way employees of the Toledo & Ohio Central

railroad and is said to be the first attempt made in the country to get the court's interpretation of the labor board.

Maintenance of way employees and laborers to the lines specified have been notified their wages will be decreased approximately 28 per cent April 1st, the petition said.

The notification is of a peremptory nature the attorneys said.

Federal Judge Sater has set Monday for a hearing.

DECKER READY FOR ANOTHER STORY OF CRIME

(By Associated Press)
Warsaw, Ind., March 24.—Investigation of the death of Leroy Lovett, age 20 was begun by the Kosciusko county grand jury today.

Virgil Decker, 18 year old chum of Lovett who was held on a charge of murder, late last night gave a new version of the crime.

In his latest statement he denies that John Invagnola, of Elkhart, was implicated in Lovett's death. Decker's attorney said the boy was now willing to make a full confession taking all blame for the crime.

SUIT TO GET CAMPAIGN FUND

(By Associated Press)
Chicago, March 24.—Colonel William Cooper Proctor, manager of Major General Leonard Wood's campaign for the Republican presidential nomination and contributor of \$500,000 to the campaign expenses today filed suit to recover \$110,000 from Major Albert A. Sprague, of Chicago, treasurer of the campaign.

The \$110,000 was said to represent Major Sprague's liability on money borrowed by him and by Colonel Proctor for campaign expenses.

END COMES QUIETLY TO CARDINAL GIBBONS

Archbishop of Baltimore Dies Near Noon Hour

Was Primate of American Catholic Hierarchy.

Was Stricken With Heart Trouble Last December

(By Associated Press)
Baltimore, Md., March 24.—James Cardinal Gibbons, Archbishop of Baltimore and Primate of the American Catholic Hierarchy, died at the Arch Episcopate residence here today after a prolonged illness which mainly affected his heart.

He was in his 87th year. The end came peacefully at 11:33 o'clock.

On Easter Sunday night, the body of Cardinal Gibbons will be moved from his residence to the cathedral to lie there throughout the masses of Monday, Tuesday and Wednesday, where his people may see him for the last time, throughout the high requiem mass that will be his funeral on Thursday and from there will be borne to his grave, which will be a niche in the crypt under the high altar of the cathedral.

Cardinal Gibbons who has been showing pronounced signs of improvement in health ever since his return home last January 10th, from Union Mills, Maryland, where he was taken seriously ill in December, suffered a relapse Palm Sunday evening soon after returning from an automobile ride.

The sudden change of weather which brought unseasonably high temperatures had a depressing effect upon him. His fainting spells returned and when he was put to bed it was realized by those closest to him he probably never again would arise.

A touching incident in connection with the last hour of the Cardinal was the bestowal of the Pope's benediction upon him, which had just been received by cable from Rome.

As it is expected that most of the church dignitaries in the United States will attend it is probable that the funeral will not take place much inside of a week.

Active service for more than half a century in the interests of his country as well as his church is closed by the death of James Cardinal Gibbons.

Born in Baltimore, Md., of Irish parents, July 17, 1834, James Gibbons spent his youth in Ireland, but when he was a lad of 14 years his family returned to America settled in New Orleans where he acted as "punctual grocer's boy."

His ambition for the priesthood be-

gan in those early days. At 21 he began preparations for his service in the Roman Catholic church. Graduating with distinguished honor from historic St. Charles College in Maryland, he pursued his studies at the Seminary of St. Sulpice and St. Mary's University in Baltimore.

At the close of the Civil war, Father Gibbons became private secretary of Archbishop Spalding and was appointed chancellor of the diocese. Through strength of character he rapidly won his way. He was elected assistant chancellor to the second Plenary Council at Baltimore in 1866.

He was created a cardinal, a prince of the church, a quarter century after he had entered the priesthood. This was in 1886. He was 52 years of age.

GERMANY'S RIOTERS IN CONTROL OF INDUSTRY

(By Associated Press)

London, March 24.—Communist disorders in central Germany are increasing and large sections of industrial regions are actually in the hands of the insurgents, says an 'Exchange Telegraph Co. dispatch from Amsterdam, which quotes telephonic advices from Berlin during the night.

Reports from Saxony state that more buildings have been damaged by dynamite in various towns, and that at Mansfeld prisons have been opened and their inmates liberated.

Complete anarchy is declared to reign at Hestadt, where all banks have been raided and from which the population is fleeing in a panic.

An account of trouble at Hamburg, telegraphed by the Berlin correspondent of the Central News, says that more than fifty communists and police are reported to have been killed in the fighting last night at Hamburg. The message adds that fighting is continuing in Hamburg.

Other reports stated that the Hamburg communists were calling upon workers to fight behind barricades and the people were fortifying their homes.

TORNADO HITS IN TENNESSEE

(By Associated Press)

Nashville, Tenn., March 24.—Three persons are reported dead, several seriously hurt and much property destroyed as the result of a tornado which started about ten miles west of Lewisburg this afternoon between 4 and 5 o'clock and swept northeastward.

MOVIE MEN BAR HAMON PICTURES

(By Associated Press)

Columbus, March 24.—With a single exception, Columbus photoplay exhibitors are a unit in their stand against display in this city of any film in which Clara Smith Hamon, recently acquitted of the murder of Jake L. Hamon, Oklahoma millionaire oil man, may appear. Managers were emphatic in stating their position.

EUGENE V. DEBS MAKES A TRIP TO THE CAPITAL

Convicted Socialist Leader Confers With Mr. Daugherty About His Case.

Is Permitted To Make Trip Unguarded To And From Prison.

(By Associated Press)

Washington, March 24.—Untended, and without the knowledge of the public, Eugene V. Debs, imprisoned Socialist leader, came to Washington today from Atlanta penitentiary and for three hours discussed his case with Attorney General Daugherty.

The unprecedented trip of Mr. Debs was made with the approval of President Harding, who recently requested Mr. Daugherty to review the case of the Socialist leader and make a recommendation.

The Attorney General in announcing late today that Debs had visited Washington and was on his way back to the penitentiary, said that while there was no precedent for calling a prisoner to Washington without guard, it had been decided in conference with President Harding that inasmuch as Debs had defended himself at his trial, he should come here to answer in person such inquiries as the government desired to ask.

Mr. Daugherty asked that he assumed full responsibility.

Debs arrived in Washington early in the day conferred with Mr. Daugherty and left Washington at 3:30 o'clock on the return trip to prison.

Newspapermen, who gathered late in the day for the Attorney General's weekly conference, gasped and refused for a minute or two to believe their own ears when they heard Mr. Daugherty say:

"I don't believe I have much news for you gentlemen regarding Debs' visit."

Mr. Daugherty refused to comment on the presentment made by Debs of his case.

SPECIAL TAXES REACH TOTAL OF \$675,000,000

(By Associated Press)

Washington, March 24.—Income and profits tax collections for the March 15th installment were estimated by Secretary Mellon today to aggregate \$675,000,000.

To the close of business, March 22nd \$650,000,000 had actually been deposited from the collection, Mr. Mellon added.

Mr. Mellon estimated on this basis that total revenue from income and profits taxes for the fiscal year ending June 30th would aggregate \$3,050,000,000. This amount, he said, was fully up to the treasury expectations.

**GUILTY CONSCIENCE
NEEDS NO ACCUSER**How the crow of a rooster
caused their machine to be wreck-
ed and landed them in jail is one
of the amusing incidents in con-
nection with the recent disaster
which befell George Martin and
Sis Valentine, held in the county
jail for chicken stealing.According to Martin they had
completed their thefts for the
night and were just heading for
Columbus "sitting tight and rid-
ing pretty" when all of a sudden a
restless rooster immediately back
at them split the silence by crow-
ing loudly.The noise frightened the two
men so that they momentarily
forgot themselves and an instant
later the machine had plunged
over the embankment and was
hopelessly wrecked.**REMEMBER CAST
OF HOME TALENT
PLAY IN 1866**Home talent plays were a notable
event in the early days of this city
and it was found after inquiring
among older citizens about Music Hall
that "Uncle Tom's Cabin" was given
in a building which preceded the use
of the famous old hall as entertain-
ment headquarters.According to the best information
"Uncle Tom's Cabin" was played by
home talent on the third floor of a
brick building on East street just
around the corner from Main, in the
year 1866.The play was given under the direc-
tion of the late W. F. (Peels) Willette,
a photographer and an able amateur
actor of note, and director in the ear-
lier days.The cast, as near as can be remem-
bered, was as follows:Miss Rilla Coffman, Mrs. Saint
Claire; Judge Pridley, Saint Claire;
Dr. Grubbs, Uncle Tom; Captain
George C. Jenkins, Simon Legree;
Mrs. R. C. Hunt (Lida Saxton) Little
Eva; Brantley Bryan, slave; Allen
Doran, a slave; Miss Sallie Pursell,
Eliza; Miss Franzell, Topsy. The cast
also included the late Ry Parvill.The play was given two nights and
crowded houses greeted each presen-
tation. It was put on under the aus-
pices of the Thespian Club. Amusing
incidents occurring and which actors
could not be published are abund-
ant.Life was not without its little trage-
dies, even in those days, and it is
said that on the curtain was ready to
go up the first night discovery was
suddenly made that Topsy had no
shoes. The report was whispered
about among the players and a young
shoemaker employed by the late An-
drew Hamilton, slipped out to his shop
and secured an old pair of brogans
which served the purpose. The anxiety
and tension which the incident had
caused were relieved and the play
went on successfully with the "crucel"
slave driver plying his horsehide and
with Eliza making the trip in safety
across the ice.**FISH FISH FISH**

MAKE UP YOUR MIND RIGHT NOW

You Can Be Well if You Build Up Your Blood

Pepto-Mangan Makes Red Blood

Start Now to Put Yourself in Good Trim to Fight Disease.

The matter of possessing good health depends largely upon yourself. If you think about being healthy and make up your mind to do the things that reason and experience have taught to be best for your health, you can be well unless you have some dangerous disease.

You have a body and it requires care. Nature automatically adjusts things for you to certain point. When your blood becomes clogged and full of poison—and that is what happens when you overwork or strain—your vitality runs low. Nature needs help for a time. You need a good tonic. Pepto-Mangan is the tonic to take. It builds red blood. Try it for a few weeks and see how much better and stronger you feel.

Unemployment Problems

While the distress incident to lack of work in the industrial centers, increases and while the ranks of the unemployed in the congested districts, continue to grow at a discouraging rate, there is an abundant opportunity for all, who sincerely want work, in the agricultural districts.

We rather incline to the belief that both employers and laborers, in the rural districts, have learned a lesson during the disturbing and disturbed times of the past three years.

Laborers have come to realize that the larger wage offerings from the industrial centers have been, for the most part, but a sad mirage. Higher living costs have more than consumed the advance in wages offered and given. The uncertain tenure of the laborer too has added to his unrest and now with his worst fears realized, the knowledge has come that the rural districts after all are best.

The employers have learned too that to hold men with them in contentment, immune from the glittering high wage offers, living conditions must be improved and wholesome recreation provided.

All in all the employers and the employes in rural districts should get along much better in the future.

To The Rivers Again

On Monday the Queen City, a large Ohio river steamboat—a side wheel packet and, perhaps now the only one in the upper river trade—left the Cincinnati wharf loaded "to the guards" with merchandise and manufactured goods consigned to California points.

The Queen City will steam down the Ohio to its mouth at Cairo, Ill., thence down the Mississippi to New Orleans, where the cargo will be transferred to an ocean going craft and taken thence, through the Gulf and the Panama Canal and up the Pacific coast, to its destination.

The stately steamer is now well along in the lower stretches of the beautifully picturesque Ohio.

That's what the news dispatches tell us but, from between the lines, what a host of memories and romance come trooping out of the recesses of the past, summoned to vindicate the contentions of the old timers, who have never ceased to love the majestic rivers of America, who have always insisted that abandonment of those great natural water highways, for transportation purposes, was a mistake and that "sooner or later" American shippers would turn again into the mighty rivers and the picturesque steamboats. Through all the long years that the river traffic has been diminishing, until today it has practically disappeared, the old timers have never lost faith that the old days would come again in all their glory.

What endless practical possibilities, too, the present generation can see, rising out of the trial trip of the Queen City. Unprejudiced by the memories of the past the present generation turns to the rivers for relief, just as the pioneers did, in the days before the "iron horse" had established pathways through the wilderness. And the rivers will solve the problem again.

It is estimated that it will require nineteen days for the Queen City's cargo to reach California. The railroads could carry it across overland in thirteen days if there was no lay-over on side tracks.

The river transportation is a little slower but it is much more certain and the saving in cost is tremendous.

With the revival of the river trade memory marshalls in glorious array, those stately steamboats of the past—hundreds of them—on the Mississippi and the Ohio.

Maybe the days of the rivers' romance will spring again out of the practical need of the present and, maybe, the boys and girls of the present day, residing in the cities and towns along the rivers will have their favorites, among the boats, recognize the whistles and troop, in happy throngs to the wharfs to see "her" land.

Maybe, who knows, hurrying travelers may turn from the dust and smoke of the railroads to the palatial steamers with the comforts the cabin and the breezy decks afford.

If it pays the shippers to use them, all the good old times will come again along the rivers and that was a time of joy and romance, of peace and comfort, for which the present hurrying time has never given us a substitute.

POETRY FOR TODAY

SUCCESS

It's doing your job the best you can,
And being just to your fellow man;
Its making money, but holding friends
And staying true to your aims and ends;

Its figuring how and learning why,
And looking forward and thinking high,

And dreaming a little and doing much;

Its keeping always i'nclose touch
With what is finest in word and deed;
Its being thorough, yet making speed;
Its daring blithely the field of chance
While making labor a brave romance;
Its going onward despite defeat
And fighting staunchly, but keeping sweet,

Its being clean and its playing fair;
Its laughing lightly at Dame Despair;
Its looking up at the stars above,
And drinking deeply o' life and love,
Its struggling on with the will to win,
But taking loss with a cheerful grin;
Its sharing sorrow, and work, and mirth,

And making better this good old earth
Its serving, striving through strain and stress,
Its doing your noblest—that's Success.

Herald News This Date 1911

Washington's old landmark pioneer school house, in recent years known as the Hays Livery Stable, on the corner of Market and Hinde street, is now in the process of demolition and in a short time a modern concrete livery barn will stand where the early educators of our county once taught the "rule of three."

The owner of the building, Mrs. Anna Hays has contracted with Mr. William Hammer to build a concrete livery stable, 51x80 feet, thoroughly modern in its plans and equipment.

FLOWERS PLACED ON DICKENS' TOMB

(By Associated Press)

LONDON, (By Mail)—A wreath presented by the All-Round Dickens Club of Boston, was among the dozen floral pieces laid on the tomb of Charles Dickens in Westminster Abbey this month when exercises were held there in commemoration of the 109th anniversary of the author's birth.

The exercises were conducted by Edwin Drew, a Dickens devotee, and there was a sprinkling of Americans among the score of persons gathered in the poet's corner of the Abbey during the ceremony.

The presentation of the wreath by the Boston club was a resumption of its custom followed for many years before the world war.

Following the services at the tomb, there was pilgrimage of those interested to the "Cheshire Cheese" and to the Cock Tavern in Fleet Street, spots once frequented by Dickens.

The Dickens anniversary was celebrated by several other gatherings in various parts of the city.

TARIFF PROGRAM OF REPUBLICANS ILL-CONSIDERED

Facts Do Not Justify Confidence Of Leaders in Congress

Income Tax Likely to be Another Stumbling Block For New Administration

BY MARK SULLIVAN
(Copyright 1921)

Washington, March 23.—The Republican leaders in their several conferences this week were more confident than a serious understanding of what is ahead of them would justify. The decision to pass once more the Emergency Tariff Bill, upon which valuable weeks were wasted last winter, is a light-minded gesture. It cannot have, in April, the same justification it had in December.

In December the farmer's crops were in his hands. By the earliest in April, when the bill now can be made a law, all of the old crops, which the law might have been expected to protect, will have left the farms and will be either consumed or in the hands of the dealers. For the new crops now being planted a six months tariff is obviously of no benefit.

However, the passing of the measure again does have one small justification. It should have a beneficial effect on the psychology of the farmer. It should act as a sign to him of the intention of the new administration to protect. To that extent the farmer may be lifted out of the intense depression in which he now is and may be moved to recede from his present intention to limit his planting and depend on the smallness of his crop rather than on protection for getting a good price.

In two respects the Republican leaders are quite unaware of what is ahead of them. They have no notion of the difficulty involved in passing the next tariff law or of the time it will consume. There are only two Republicans on the present Ways and Means Committee who ever before served in the making of a tariff. They are Longworth of Ohio and Fordney of Michigan. All the others are new men, quite unfamiliar with the enormously time-consuming complexities of tariff making.

The new tariff will be more difficult to make and will consume more time than any other tariff we have ever had. The new tariff must be made from the ground up and must be based on conditions for which there is no precedent. The bickering and pulling and hauling of the enormous number of business interests who will insist on being heard will be far beyond any past precedent.

The Republican Program

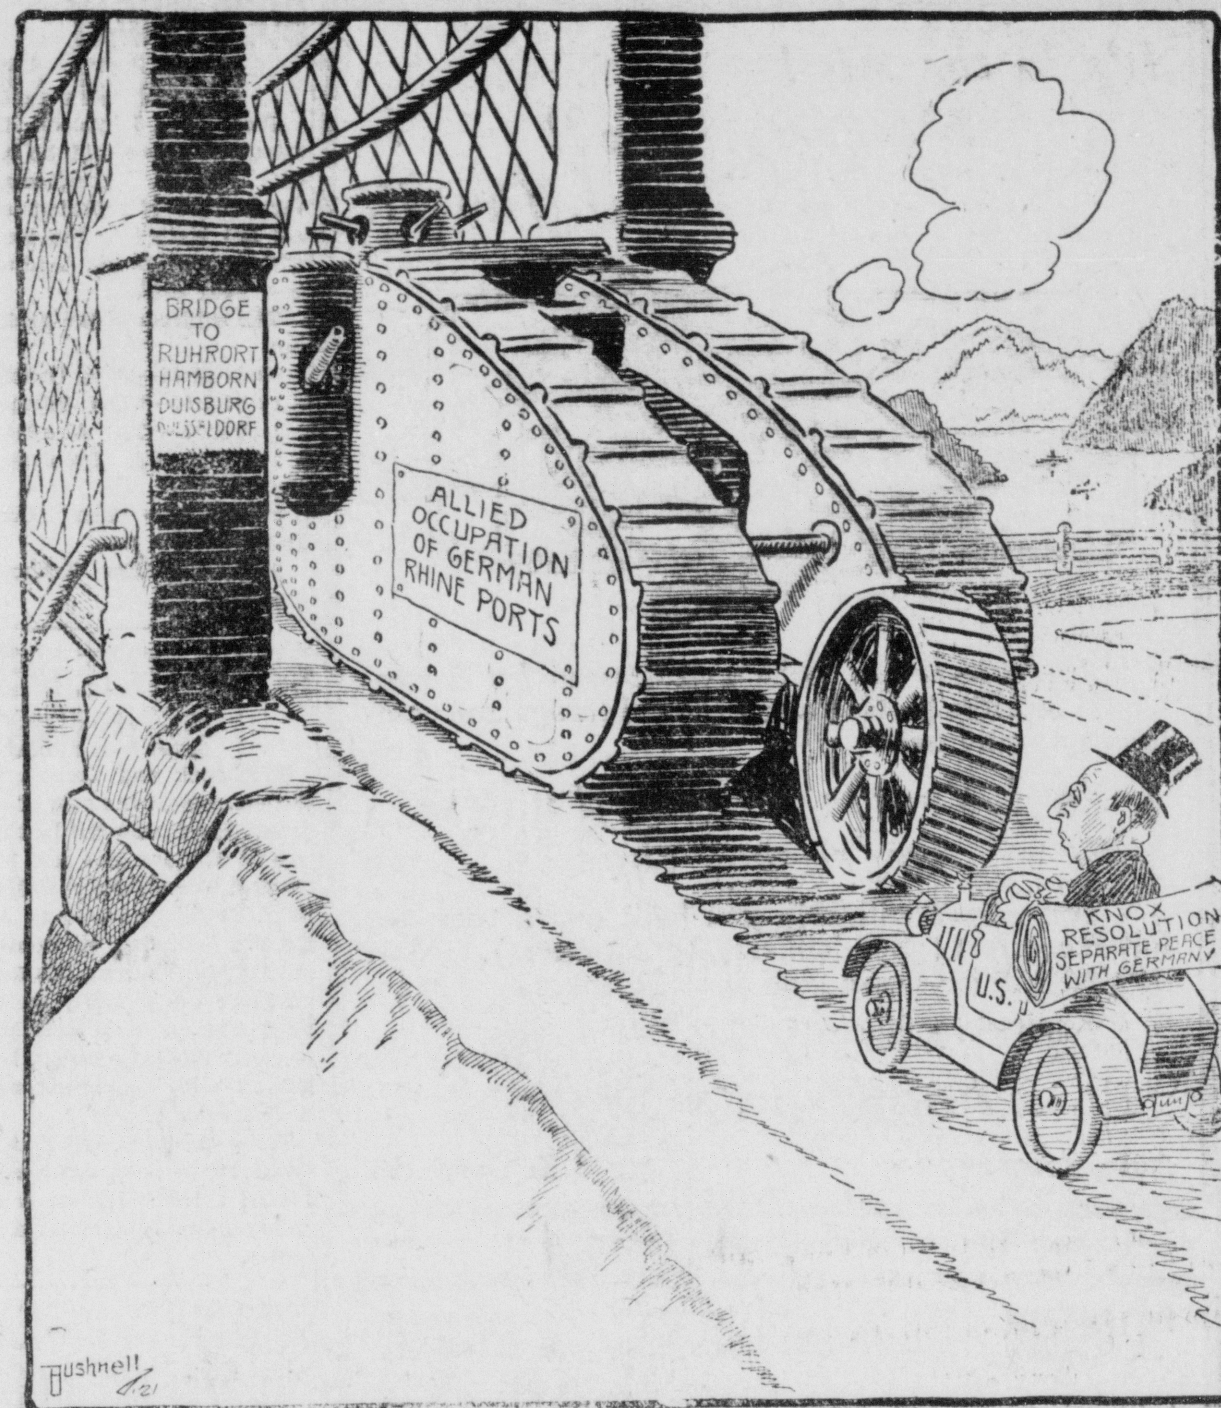

The Republican program is, roughly, to get the new tariff through the Ways and Means Committee in three months; to get it through the House in another month, and to get it through the Finance Committee of the Senate and the Senate itself in another four months—thus, it is hoped, being able to finish it before the first of next December. They can only succeed in doing this by neglecting every other subject of legislation, and it is not possible to neglect everything else.

The other respect in which the Republican leaders have confidence without good ground for it is their expectation to preserve the present income taxes substantially as they now are. Anybody who understands the conditions knows that present income taxes can no more be maintained than any other war-time expediency can be permanently maintained in time of peace.

The Republican leaders have no understanding of the extent to which the present income tax is not an income tax at all, but is a levy on capital. The present income tax consumes not merely income but also increases of capital. Income is like the fruit of a tree. This annual crop the Government can take. It causes hardship, but not necessarily disaster; but increasing capital is like the annual growth of the trunk of a tree. The Government can no more continue to consume the country's annual increase of capital than it could cut off and consume each year that part of the trunk of a tree which constitutes each year's growth.

It can be predicted with complete confidence that the Republican leaders will be compelled to revise their present ideas about the income tax. They say now that they will not adopt the alternative of a direct tax on sales because it is unpopular. But sooner or later some leader will arise among them who has the courage to distinguish between what is sound and what is popular.

LOOKS LIKE THE ROAD WILL BE BLOCKED FOR SOME TIME TO COME.

RANDOM NOTES

SOCIAL : PERSONAL MENTION : CLUBS

Plans for future club activities at Youngstown ought to furnish splendid ideas for club women everywhere. Better housing, finding out how the other half lives, supervision and regulation of dance halls, improving social conditions generally, more settlement houses for Americanization and group social work, better health safeguards, sanitary conditions of the city, a full-time health officer—these are only a few of the many movements inaugurated and to be inaugurated by Youngstown club women. They say that with the help of other philanthropic and welfare organization they mean to see that better moving pictures are shown in their city. Youngstown has fifty clubs with a total membership of 3,000.

Kent has a new club. It is the Woman's club and was organized March 5, with sixty-four members. The charter list will number 100. It is a departmental club. Cleveland boast of 40,000 club women.

Lakewood federation has opened a day nursery. The district convention at Kent unanimously endorsed house bill No. 14 prohibiting immoral and crime-suggesting moving pictures. Parliamentary club work particularly is appealing now. Cleveland has a parliamentary law club. Many of the clubs of the Forest City pay the membership of their presidents to become members of this parliamentary club. Mrs. Cornelius S. Selover, Cleveland, parliamentarian for the state federation, is a member. Mrs. Selover wants every club in the state to give at least fifteen minutes of its program next year to a discussion of parliamentary law.

A special outline has been prepared on American citizenship by Mrs. Percy V. Pennybacker, general federation chairman of the citizenship committee. Copies may be procured free by communicating with general federation headquarters, Maryland building, Washington.

"Blondes rule the world," declared Albert E. Wiggan hereditary expert, formerly of the University of Wisconsin, in a talk before the Ad Club here.

"All the great government leaders of the world have been blonde," he said.

"But the brunette need not feel bad about that. The great philosophers and artists have been brunettes."

"Statistics collected in the World War proved that the blondes are leaders."

"Nearly all the officers in the army either had blue eyes or one parent with blue eyes, or two grandparents with blue eyes."

GERMANY LOSES
RADIUM OUTPUT

(By Associated Press)
BERLIN, (By Mail)—Once the chief producer of radium, Germany now has barely enough to meet the medical needs of the great universities. There is only one gram of radium in all Berlin, and proportionately even less at Heidelberg and other university cities. The shortage is said to be due to the fact that karmothit used in the manufacture of radium, is no longer imported from America. The Germans say the United States could supply plenty of karmothit, but in view of the low purchasing power of the mark the Germans can not afford to buy it.

FORD GAS COACH VISITS FAYETTE

Ford and Party Go Over Grasshopper Division of Road

The new Gasoline propelled coach, a product of the Ford plant at Detroit and designed for regular passenger service on the D. T. & I. railroad, reached Jeffersonville about one o'clock Thursday afternoon, and with about six persons aboard, started on an inspection trip over the Grasshopper division, with the intention, it was reported, of picking up Henry Ford at Kingman the western terminus of the Grasshopper division and then continuing the trip of inspection.

By going over the Grasshopper division, it is indicated that the trip of inspection will be thorough in every respect.

It is also expected that the party will continue south on the line, and will reach this city Thursday evening or Friday morning.

Owing to motor trouble, which developed on the new car near Springfield Wednesday afternoon, the coach was being towed by an engine.

FAYETTE AUTO CLUB OBTAINS PROMPT ACTION

When a delegation of members from Jeffersonville called the attention of the Fayette County Auto Club to the condition of the South Solon pike north of Jeffersonville on the main route to Springfield the club immediately got busy on relief.

County Surveyor Kennedy, called into conference stated that he had been trying to get stone shipped into the county for a month. None of the quarries in Ohio were yet in production however, and it was feared that a wait of some weeks would be necessary.

The Auto Club suggested that the Marble Cliff quarries at Columbus might be prevailed through Columbus Auto Club to ship a small quantity of stone in such an emergency. County Surveyor Kennedy was able to complete the deal within the hour the material to be shipped at once. The club will watch this shipment and will attempt to get quick routing to this county.

Surveyor Kennedy has orders placed, it is stated, which before several weeks will secure 100 cars of stone. He has also completed his organization over the county to quickly place the stone on the pikes.

LARGE NUMBER AT FAREWELL SERVICES

Largely attended and charged with sadness were the funeral services of Mrs. Fred Stuckey, held Wednesday afternoon, in the M. E. church of Bloomingburg—the church to whose interests she had been so deeply devoted as long as health permitted. The members of her Sunday School class attended in a body.

Rev. Laughlin, former pastor of the Bloomingburg church, now in Reynoldsburg, conducted the beautiful services and read the memoir, a high tribute written by a close friend. The Minister spoke with deep appreciation of the christian life and character of Mrs. Stuckey, of the unselfish devotion given to her family and the fortitude with which she bore long months of pain.

Rev. Morrison, now in charge of the Bloomingburg pastorate, Miss Ethel Edwards, Mrs. Mahlon Holland, Mr. Raymond Scott composed the quartet singing the hymns, "Sometime We'll Understand," and "Going Down the Valley." Mrs. Albert Hooten was at the organ.

The flowers were lovely and included designs of the Easter season. Mrs. John Rogers, Mrs. John Brown, Mrs. James Woodland, Mrs. Thurman Sholey Mrs. Charles Whisler, Mrs. Charles Groff were the pallbearers and burial was made in the Bloomingburg cemetery.

SECOND YEAR CLASS HOLDS BIG CARNIVAL

Throngs Tax Capacity of High School Building Wednesday Evening.

Carnival, Tea Rooms and Minstrels, Feature Annual Event.

On a scale never before attempted by either of the two preceding classes the Sophomore Class of Washington High School held its annual Carnival Wednesday evening.

With three separate features capably managed the carnival was able to entertain the enormous crowds that thronged the high school building from five-thirty until ten o'clock and the minstrels, the tea rooms and the carnival proper in the gymnasium, vied with each other in popularity.

Together with the untiring efforts of the Sophomore Class, Mrs. Haidee VanWinkle Coffman, Miss Mary Weaver, who had charge of the tea rooms, and Mrs. Edward Elchenberger, are directly responsible for the success of the event. They were assisted by the high school corps of teachers.

The high school gymnasium had been transformed into a scene of Orientalism and the true carnival spirit ran riot. Vendors sold their wares and fortune telling booths attracted those in quest of knowledge of the future.

Carnival colors with bright hues of many variations, were used in the decorations. Chinese parasols had been used to advantage. Long draperies and festoons of crepe paper added a brilliant touch to the ceiling and walls.

Probably the most popular attraction in the long line of booths, including candy stands, fish pond, and refreshment counter were the fortune telling booths. Misses Irene Cooper, Cora Crispin, Beota Haines and Irene Shultz were the attractively costumed fortune tellers.

A three piece orchestra, Miss Helen Sunkle at the piano; Miss Gwendolyn Wolfe, violin, and Robert Flee, drums played spiritedly in the gymnasium all evening.

THE TEA ROOMS

Decidedly the Japanese and Dutch tea rooms, in charge of Miss Mary Weaver, domestic science instructor, and the Sophomore girls of the domestic science department, furnished the piece de resistance of the carnival, as well as ideal places to linger and enjoy the delicious dainties served. Every visitor was loud in praise of the charm of these rooms, the artistic skill shown in their decorating and the deliciousness of the supper and fancy pastries, both made and served by the domestic science pupils under the direction of Miss Weaver.

Over a hundred and fifty were served for the supper and everything was sold out in the evening. The elaborateness of the menus and the enormous amount of work required in preparing and serving such quantities, together with the expert manage-

ment shown, certainly entitled the exceptionally capable teacher and her apt pupils to every bit of praise handed them.

The two tea rooms vied with each other in beauty and quaintness of decoration.

The Japanese room presented a fantastic scene, with cherry blossoms and imported Japanese panels in vivid colors screening the walls. Japanese parasols forming a shade for the center light and lining overhead groups of large Japanese lanterns, including two real imported ones, cylindrical in shape. The small tables, each seating four, had as centerpieces, candles burning in crystal sticks beneath charming little Japanese lantern shades. The menu cards were very clever, printed in both Japanese and English.

The Japanese maids serving were adorable in their bright colored kimonos, big butterfly sashes, high pompadour hair, adorned with chrysanthemums and fans, and each pretty maid coqueting behind her fan.

The Dutch room offered an enchanting reproduction of Holland, with the quaintest and prettiest of maids in frills of delf blue, white aprons, Dutch caps, collars and cuffs.

Palms added stately decoration, but the feature which first claimed the attention were the long window boxes of glowing red and yellow tulips standing out from the beautiful panels and scenes, typical with their windmills and ships in the Holland blue, with an effect rarely artistic. On each small table the candlesticks were framed with red and yellow tulips and the menu cards bore little Dutch scenes similar to those on the panels.

Credit should be given to Miss Dorothy Schneider, a junior, who assisted by Ralph Gage, painted the Dutch panels, and both the Dutch and Japanese menu cards.

The girls in the kitchen were invitingly neat in white middie, skirts, aprons and caps.

The supper menu consisted of chicken patties, hot rolls, butter and apple jelly, Waldorf salad, butter scotch meringue, coffee and tea, and the tea room menu of sandwiches, salad, meringues, ice cream, cake, special pastries, tea and coffee.

The Sophomores were indebted to their mothers for twenty-five delicious cakes and also liberal donations of chickens, cream, butter and other country produce.

The Sophomore girls helped the girls in every way possible.

THE MINSTRELS

In order to accommodate the hundreds who sought admittance the Sophomore Minstrels gave two presentations and won their share of applause at each performance.

Mrs. Edward Elchenberger, instructor in music in the city schools, directed. Talent had been chosen from all classes of the high school and two of last year's graduates also had parts. Joseph Wilson and Bernard Smith were two former members of the high school who assisted.

Grouped around James Dice, an interlocutor perfectly at ease in Colonial costume, the black face comedians brought forth darky humor and spiced this with frequent quips that centered around high school teachers or students.

Six end men kept up a rapid fire attack and led in the merriment. Joseph Wilson played opposite Bern-

ard Smith; Willard Perrill was opposite Tom Rogers; Byron Stewart was opposite Howard Davis.

The quartet was popular in its two numbers, "Mammy's Lil' Pigeon" and "How Much Wood Would a Wood Chuck Chuck." Members of the quartet were James Dice, Oliver Tracy, Ray Snider and Frank Hamilton.

As an afterpiece a highly hilarious circus scene was put on. The ringmaster, Hiram Hitchcock, in clever make up, brought forth an array of "natural curiosities" in which the parts were well taken.

Miss Avonelle Timmons was at the piano and accompanied perfectly while the drums were handled in finished manner by Hugh Perrill, an eighth grade pupil.

FUNERAL SERVICES MRS. MARY ANN TOBIN

Belonging to one of the foremost families of Jeffersonville, known and loved by everybody who knew her, it was only to be expected that relatives and friends crowded the home to overflowing for the funeral services of Mrs. Mary Ann Tobin.

Rev. Byers of the Saints Church of Springfield, conducted impressive services, in which the hymns were singularly appropriate.

Mr. U. G. Creamer, a brother, wrote and read the memoir. Mrs. Tobin had reached the advanced age of 86 years, three of the latter years of her life having been spent with her daughter, Mrs. George Flowers, of this city. Her standing in the community was marked by the highest regard and her influence as a Christian woman had been very helpful.

Burial was made in the Fairview cemetery, the pallbearers sons and sons-in-law. Messrs. O. S. Tobin, of this city; Orlando and Herbert Tobin of Jamestown; George Flowers of this city; Isaac Corey of Good Hope; Glenn Frazell of Columbus.

The flowers were in great number and beauty, a special design from the Farmers' Bank.

Among relatives going over from here were: Mr. and Mrs. O. S. Tobin, daughter, Miss Irene; Mr. and Mrs. George Flowers, daughter, Miss Hazel; Mrs. Alice Moorman; Mr. and Mrs. Fred Creamer, Mr. Charles U. Armstrong, Mr. Ace Flowers, Mr. and Mrs. Albert Flowers, Mrs. Roy Flowers, Mr. and Mrs. Frank Perrill, Mr. and Mrs. Elmer Tracey, son, Byron.

MINSTREL CLOSES JEFFERSONVILLE

The American Legion minstrels played their closing engagement at Jefferson Hall, Jeffersonville, Wednesday night before one of the largest and most enthusiastic audiences that has yet greeted the performers. The hall was filled to capacity and applause was liberal and frequent. Several of the vocal numbers were called back for their third encore and the final curtain was followed by such a storm of applause that the troupe was hurried back for a parting bow. Both the audience and the performers were thoroughly pleased.

The minstrel committee announced Thursday that the receipts of the five performances passed all expectations and that while the aggregate proceeds have not been definitely determined they will more than put the post on its feet financially.

BREAD FIVE CENTS

Columbus, March 24.—Reduction of bread prices to pre-war level was announced by a chain of Columbus stores.

The price effective Tuesday in bread prices to pre-war level was announced by a chain of Columbus stores.

The reduction it is claimed is the first to be made to a pre-war basis by any large baking company in the country.

EASTER PROGRAM AT PRESBYTERIAN CHURCH

The First Presbyterian Choir, Miss Ada Woodward, director, is preparing an attractive program for the usual Easter Song Service and also special music for the morning service.

Rev. J. L. McWilliams, of Wilmington, will deliver the Easter morning sermon and also have the evening service in charge.

3,000,000 WAR ORPHANS IS CLAIM

BERLIN. (By Mail)—There are 3,000,000 war orphans in Germany according to official figures. They are being given state and local care but it is said they form a large percentage of more than 1,000,000 children in Germany being aided by foreign relief workers.

WILL PETITION LEGISLATURE

At the Thursday lunch of the Dutch Treat Club that body took action in which Howard C. Allen, C. P. Ballard and Henry Browned were asked to draw up a resolution petitioning the state legislature not to reduce the National Guard Budget.

Reports that the state government in an effort to cut down expenses, was preparing to cut the appropriation for National Guard work, lead to the action.

A copy of the resolution will be forwarded to Representative Harry F. Brown, and to Senator Frank B. Willis in addition to the state legislature.

KIWANIANS PAY DUTCH TREATERS VISIT THURSDAY

Members of the Kiwanis Club of Columbus were guests of the Dutch Treat Club at the Thursday lunch at the Y. M. C. A. to present before the local organization the plan for establishing a Kiwanis Club in this city.

The Kiwanis Club was the second to come before the Dutch Treat Club in the last two weeks. Last Thursday the Dayton Exchange Club was here. Next Thursday the Rotary Club of Columbus will visit the city.

President Hays Dill, of the Dutch Treat Club presided.

Kiwanis members speaking in behalf of their club were Charles A. Bliss, head of the Bliss Business College; F. M. Kendle, Chairman of the Columbus Chamber of Commerce; Harry G. Hughes, and C. G. Linder.

The Columbus visitors included, Messrs. Homer Grill, Cary P. Clark, Ed Goodman, C. W. Bryant, R. A. Bruner, Charles Seibert, H. C. Chaplin, Herbert Hennick, L. C. Shoop, Theodore Oust, E. J. Griffith, Arthur Fishbaugh, and B. A. Clewford.

NO INTEREST IN KING'S PARTY

(By Associate Press) BERLIN. (By Mail)—The King's Party in Germany, which is seeking the restoration of the monarchy, has failed to arouse any enthusiasm either for the proposal to put a Hohenzollern again in power of for enthronement of a Bavarian or Wuertemberg prince.

Opinion seems to prevail that the revolution against the old regime brought on by the debacle of war cannot be wiped out in less than several generations. Even the men who stood close to royalty before and during the war, with the exception of certain militarists whose prestige and influence mostly has vanished, are only lukewarm toward the monarchist movement or flatly oppose it.

There is, however, no apparent inclination to blame the former Emperor or Crown Prince for damages Germany has endured, except among the extreme radicals and some of the socialists and these generally lay the fault to the old form of government more than to the Emperor personally, or to his associates.

Everywhere in the provinces, throughout Bavaria, Baden, Wuertemberg, East Prussia, Upper Silesia, among business men and peasants alike, the opinion is firmly held that Germany was forced into the war by England and France, and this has tended to keep alive the Hohenzollern popularity.

Apparently the nations hold that equality of right depends on equality of might.

NEW TAXATION MEASURE ASKS FOR AMENDMENT

Columbus, March 24.—The House Taxation committee today reported out a new proposed amendment to the Constitution as a solution of the troublesome taxation problem, which provides for retention of the uniform rule in taxation.

Adherents of the uniform rule acclaimed the proposal as a victory for their cause.

The new proposal provides for an income tax and also provides that whenever a general income tax shall be in effect in any property, the income from which is taxed under the law may be exempted wholly or partly from tax under the uniform rule.

It provides for a limitation on the tax rate in cities of 15 mills and 12 mills in the rural districts, and exempts bonds of the state or any subdivision or school bonds authorized by the people outstanding on January 1, 1913.

SCIENCE BILL MEETS DEFEAT IN THE HOUSE

Columbus, March 24.—The House of Representatives by a vote of 39 to 67 today defeated the Morris bill that would have legalized the practice of Christian Science healing and taken the practitioners from under control of the State Medical Board.

The House today tabled the Burns bill that would have given private liability insurance companies the right to reinsure employers who carry their own compensation insurance.

PUBLICATIONS BARRED FROM SALE ON STREET

Columbus, March 24.—Mayor Thomas today ordered his safety director to issue orders to police to prohibit the sale on the streets of both the Dearborn Independent and a Philadelphia publication known as "Facts",

principal newspapers pro and con the anti-Jewish discussion. Rabbi Joseph Ksonfeld and other Jewish leaders asked that sale of both papers be prohibited.

Sale of the paper "Facts" on downtown streets last Sunday night created a disturbance that threatened to become riotous until the news boys were recalled.

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove it

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work. People afflicted with bad breath find quick relief through taking them.

Dr. Edwards' Olive Tablets are a vegetable compound mixed with olive oil. They act gently but firmly on the bowels and liver, stimulating the natural action, clearing the blood, and purifying the entire system. They do that which calomel does, without any of the bad after effects. Take one or two every night for a week, and note the pleasing effect. 15c and 30c a box.

FROCK SHOWS NEW VOGUE FOR LACE

This frock is developed of such beautiful lace that no other trimming is desired. The simple skirt and waist are such as to effectively show the dainty rose design of the lace. There are, however, two unique touches, lace inserts in triangular shape in the underskirt and the net "jabot" finish to the girdle.

WORLD WAR HERO HAS DISAPPEARED

Captain S. A. Spencer of Hillsboro, proprietor of the Spencer Meat Market in that town, has mysteriously disappeared and friends are becoming much alarmed over his absence and believe he has suffered lapse of memory due to injuries received in the world war.

Captain Spencer drove to Greenfield a week ago last Tuesday and presumably left by train for parts not known. His family and friends at first believed he was away on business for a day and would return, but have now become thoroughly alarmed and have instituted a search in an effort to locate him.

During the war he sustained an injury to the spine and suffered of shell shock.

URGING SPEEDY STREET FLUSHING

With the approach of the spring and summer season once more the demand for street flushing, particularly in the business district, is increasing, and citizens generally are asking that the

flushing be started, expressing a willingness to pay the increase necessary to have the streets kept in presentable condition at all times.

A few hours of sunshine and a little wind are all necessary to start clouds of dust and debris whirling about the streets, to the annoyance of pedestrians and business firms as well as residents of the various streets.

DECIDES FOX
DRIVES LEGAL

In a decision handed down this week
 Justice of the Peace Latta Morrison
 settled the celebrated fox drive case
 in Ross county in which a farmer was
 charged with unlawfully killing a
 fox during a fox drive in the neigh-
 borhood of Waverly some weeks ago.

The decision of the Justice was
 that the farmer had a right to kill
 the fox and in no way committed an
 offense against the state. He ordered
 the case dismissed.

In connection with the case the
 Chillicothe Gazette says:

Morrison's decision is expected to
 have far-reaching effect, as it settles
 the argument of whether a fox may
 be killed by farmers out of the season
 set forth in Ohio game laws.

"By this decision fox drives may
 be organized at any time without the
 interference of the authorities.

"Hundreds came to Chillicothe
 Monday to hear the case tried, and
 after the first session held Monday
 morning in the probate court room,
 Justice Morrison moved his court to
 the common pleas court room.

"Over fifty witnesses were exam-
 ined both for the prosecution and
 the defense and there were but few
 who did not admit that the foxes in
 the Waverly district were becoming
 a nuisance and a serious menace to
 the farmers' chickens and other live-
 stock.

"Several farmers testified that they
 had lost many chickens through the
 depredations of the foxes.

"The Fox Hunters' Association was
 said to have been the prime mover
 behind the prosecution of Plummer
 it being alleged that the fox hunt-
 ers would save the animals from the
 clubs of the drivers to make them
 victims of the hunters' guns.

"Because of the finality of Justice
 Morrison's decision, it was not
 thought any further action would be
 taken by the prosecution in Plum-
 mer's case. It is not thought that
 any of the other four hundred men
 who took part in the drive on Wash-
 ington's birthday will be brought up."

INDUSTRIES ARE
NEAR NORMAL MARK

The various industries of the city
 are slowly returning towards the nor-
 mal mark, and within a few weeks it
 is believed the local industrial situa-
 tion will be almost normal once more.

Industries in this city have gener-
 ally fared better than in nearly all
 the surrounding towns, and as a re-
 sult the number of persons out of em-
 ployment has been considerably un-
 der that in towns where a greater
 percent of industries were closed
 down.

At present virtually all industries
 are running at least part of the time
 and most of them all of the usual
 work days.

FRENCH STYLES
TAKE NEW TURN

(By Associated Press)

Paris, (By Mail)—If the fashion-
 able women of Paris adopt the Moor-
 ish style of dress, which is dominant
 in the new spring vogues now being
 shown by the dressmakers here, they
 will be seen leading their hair under
 turbans and heading to walk with a
 swinging motion of the hips, says the
 Daily Mail.

The Oriental note shows itself only
 in the brightly colored turbans and
 in scarfs and sashes but also in the
 use of sequins as ornaments for
 evening gowns. Artificial flowers of
 gaudy color and great size are favor-
 ite trimmings. A single bloom worn
 on the left hip, or a loose garland
 hung around the body some inches
 below the waistline, enhances the
 Oriental style.
